

ALL IN ONE. ALWAYS CONNECTED.

Redefining "All-in-One."

Everything you need in a single device, the IQ Panel includes a 7" touchscreen, panel camera, six wireless radios, dual speakers, an SD card slot, and intuitive applications that make it the most powerful security and home control platform you've ever experienced.

7" Touchscreen

The brilliant 7" display will look amazing on the wall of your customer's home

Automatic Updates

Get updates automatically and new features as they are released

Built-in Wireless Radios

Wi-Fi, Cellular, Security R/F, Z-Wave, & Image Sensor radios are included, no external antenna needed

Language Support

Changing the panel's language from english to Spanish or french can be done with a touch

Dual Path Connectivity

Patented dual path connectivity uses both cellular and Wi-Fi simultaneously

Panel Camera

Built in camera shows you who disarmed the panel and captures an image of alarm events

Up to 5 Image Sensors

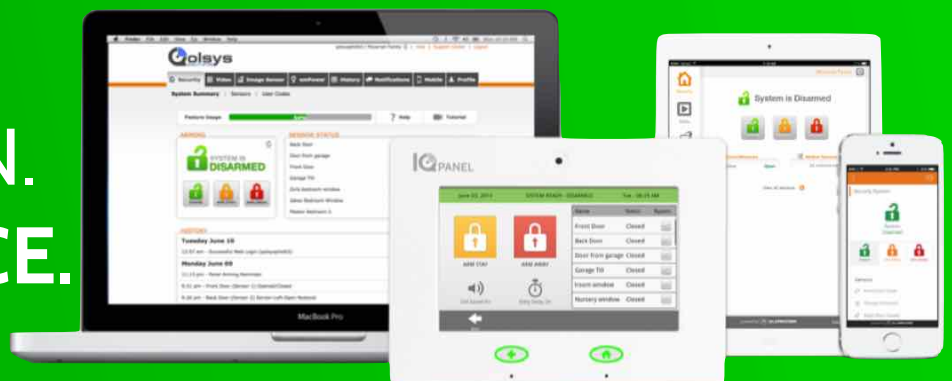

Support up to 5 Image Sensors with full functionality and access from the panel

Custom Text-To Speech

Type a custom sensor name with the on-screen keyboard and the panel will "speak" it

ONE APP.
ONE SOLUTION.
ONE EXPERIENCE.

A FULL LINE OF SECURITY & SMARTHOME SENSORS & DEVICES
